# Create a channel

Channels are where your members communicate. They're best when organized around a topic — #leads, for example.

Public

Anyone in your workspace can view and join this channel.

Name

# e.g. leads

Names must be lowercase, without spaces or periods, and shorter than 22 characters.

Purpose (optional)

What's this channel about?

Send invites to: (optional)

Search by name

Select up to 1000 people to add to this channel.

## Trello Alerts

**App Info**

Settings

Trusted by millions, Trello is the visual collaboration tool that creates a shared perspective on any project.

Trello Alerts allows you to stay on top of the progress of any project by sending updates to Slack channels when activity occurs on Trello cards, lists, and boards. Easily customize the types of alerts you want to receive in Slack, in order to bring the level of perspective you need.

Want to bring even more Trello power to Slack? Check out Trello for Slack to collaborate on Trello projects directly from Slack. Get it here: [trello.com/platforms/slack](https://trello.com/platforms/slack)

## Let **Slack** use your account?

The app will be able to use your account **until you disable it**.

**Slack** is not affiliated with Trello in any way, and by permitting access to your content you assume all related risks and liabilities.

### The app will be able to:

- Read your name and username
- Read all of your boards and teams
- Create and update cards, lists, boards and teams
- Make comments for you

### It won't be able to:

- Read your email address
- See your Trello password
